EQUESTRIAN ISSUES:

GOOD NEWS!!!!!! Believe it or not – Letters do help! Here are some recent success stories!!!!

STEWART RANCH: The existing operators of Stewart Horse Camp have officially signed the contract with the National Park Service on March 28, to continue as official concessionaires. “Trail Rules” submitted by Marin Horse Council as part of the conditions were approved. Thanks to a lot of work by members of Marin Horse Council and a widespread letter writing campaign, the situation was changed from potential disaster to a happy conclusion. Thanks to all who wrote letters. It made a difference!!!! Stewart Ranch is back!

ABOUT THE COW PALACE!!! State Senator Leland Yee Ph.D., introduced legislation to “surplus” the Cow Palace and the 68 acres it is on and sell it to Daly City. Thanks to more letter writing campaigns, they have agreed to the alternative plan to provide 13 acres of Cow Palace property to Daly City for a shopping center. Cow Palace management will long-term lease 13 acres of its unused land to help provide retail space in the area. Thanks to those who wrote letters to protest!

SPRINGDOWN EQUESTRIAN CENTER IN PORTOLA VALLEY has been saved thanks to many letters of support sent to the Commission. The outcry of support worked!! The extension of Springdown’s lease has been granted!

MT. DIABLO STATE PARK ROAD & TRAIL PLAN: Mount Diablo State Park Ranger Wendy Martin and other MDSP staff will be hitting the road to present the Unit Trail Plan process they are developing for the park. Bicycle Trails Council of the East Bay has requested cyclist access to many of Diablo’s trails, but the park has no protocol in place for evaluating and restricting specific trails for safety reasons. So they have begun a process to inventory the trails as a first step toward evaluation and preparation of a draft Master Plan for the park’s trail system. They are asking for public input and will come to your club meetings to make a powerpoint presentation of their plan. Equestrians will have a chance to provide valuable input on the plan, but it’s up to us to make our presence known. Please contact the park – invite them to make a presentation at your club meeting. Help to make sure that the equestrian viewpoint is heard. (925) 837-2525.

STAY FIT AND HEALTHY:

*HEALTHY TRAILS is a fitness challenge for people of all ages and skill levels. The program challenges people to walk, roll, ride or run at least 5 of the 21 featured Santa Clara County Park trails contained in the trails guidebook. Thirteen (13) of the 21 trails are equestrian accessible. Registered participants have 12 months in which to complete the fitness challenge. The trails guidebook includes a log that participants use to record the trails and miles they’ve traveled. The log is then returned to the Santa Clara County Parks Department and a completion reward will be issued. The guidebook will also contain tips on nutrition, physical activity and safe play in regional parks. A promotional brochure, with registration form, is available and will describe the Healthy Trails program and how the challenge works. Interested persons can register for Healthy Trails in person at the County Parks Administration Office, by fax, mail, telephone 408 355-2201 or on-line www.parkhere.org.

Healthy Trails is presented by the Santa Clara County Parks and Recreation Department and is free to the public because of the generous support of the following partners, Kaiser Permanente San Jose, the Santa Clara County Public Health Department - Nutrition and Wellness and Steps to a Healthier Santa Clara County. In an effort to encourage healthful lifestyles, which includes hiking, biking, riding and running outdoors, Kaiser is a major sponsor of the 2008 Trails Challenge. We hope to have a Healthy Trails* moonlight ride at Calero July 12th or August 16th !!!!
